MFA Industrial Designer currently residing in New York City who holds dual citizenship. Had my Masters Of Fine Arts degree from Parsons | The New School. My area of interest and expertise lies in designing consumer electronics and furniture. As a designer, I enjoy conceptual design and exploring creative solutions. My ultimate goal is to create designs that are both functional and aesthetically pleasing, thereby enhancing the user experience.

EXPERIENCE

2019 Cadem Innovative Soltions

PRODUCT DESIGN INTERN

- Designed 3D model concepts for a golf car.
- Worked directly with the design team leader as my mentor.

2020 Oya Design

PRODUCT DESIGN INTERN

- Studied how porcelain behaves in large structures.
- Worked as part of a design team.
- Modeled and prototyped a porcelain TV stand.

2021 Anatoline Luxury Perfume House

PRODUCT DESIGNER

- Worked directly with the owners of the company for new designs.
- Worked as a two designer team for the project.
- Sketched / modeled/ prototyped / rendered and presented the designs.
